

## Mental Health Counsellor 1.0 FTE Position

Our Mental Health Counsellors are excited about being part of an innovative organization that puts patients first. Continuous quality improvement and teamwork is in our DNA. A day in the life of a Mental Health Counsellor at the Red Deer Primary Care Network includes:

- Providing brief therapy to help people design and act on a self-management plan that helps them achieve their goals.
- Collaborating with a team of RDPCN family physicians and other health care professionals.
- Facilitating and helping to develop state-of-the-art mental health workshops.

### If you:

- Are a Psychologist or master's level Social Worker with psychosocial certification.
- Hold membership in good standing with CAP or ACSW.
- Practice using a variety of therapy methods such as: CBT, Solution Focused Therapy, DBT, Mindfulness.
