

Nurse Practitioner – Complex Care Clinic

0.6 or 1.0 FTE Permanent Position

(Monday to Friday (days will depend on FTE requested, Day Shift))

Our staff at the Red Deer Primary Care Network are excited about being part of an innovative organization that puts patients first. Continuous quality improvement is in our DNA.

A day in the life of a Nurse Practitioner at the Red Deer Primary Care Network includes:

- Providing complete medical assessments, diagnosing and management of common and complex health conditions, prescribing pharmaceuticals, order and interpret diagnostic tests, promoting health and preventing illness/injury
- Making internal and external referrals as appropriate
- Working closely with a multidisciplinary team
- Maintaining strong knowledge of community resources to provide the patient with information and resources.

If you:

- Must be a Registered Nurse Practitioner
- hold membership in good standing with CLPNA,
- Have 5-10 yrs nursing with recent clinical experience
- *mandatory COVID-19 immunization policy in effect.*
